THE EDGE is a LED illuminated light box. The entire unit is 1" thick yet the amount of brilliant even light exceeds the brightness of any traditional back lit light boxes. Transparencies illuminated by THE EDGE show details and colors not seen before. A 24" x 24" EDGE running 24 hours a day costs less than \$12.00 a year to run. The lighting system lasts over 50,000 hours. There is no Mercury in THE EDGE. No lighting product is more green. We have been manufacturing light boxes for 40 years. When we designed THE EDGE we set the highest standards for performance and quality. THE EDGE is manufactured in the USA. Sizes begin at 12 x 14 and run out to 4 feet x 8 feet.

Sales Hint...Users of light boxes know of this technology and are looking for suppliers.

LIGHT FANTASTIC Well received by major breweries and those seeking a Write On board that will promote their brand and stay prominently displayed on site. The brand name is in full color and illuminated with 50,000 hour life LEDs. The user writes their changeable message with the supplied white liquid marker and the color of the message and border cycle through the colors of the rainbow. This is a very robust long lasting display. Minimum quantities are 250 with users purchasing in excess of 10,000.

Sales Hint...Especially liked by your Breweries and liquor accounts.

3-D LOGO A replacement for Neon. 3-D LOGO gives your client an exact 3-D replica of his logo. Add the brilliant colors and life of the LED illumination and customers simply love this product. Each name is custom made to your specifications. Forget breakage this is one of toughest signs you will ever sell. Forget service as well since the LEDs last for 50,000 hours. Most importantly this has more eye appeal than any product we've ever offered. It's one of those "gotta have it" products. Minimum quantity is 100 pieces. Costs about the same as neon.

Sales Hint...A photo does no justice to 3-D LOGO. It has to be shown to your customer We will lend the Disney sample to you for a demo. Your only cost is freight.

DESIGNER CHALK BOARD You could never get graphics of this quality on a chalk board before DCB. Users love the feature that places the graphics beneath the chalk surface protecting them for the life of the board. DCB is available with a variety of solid hardwood frames or our Graphic frame a unique printed border design. Very competitively priced and available in any size up to 4 feet by 8 feet. Minimum quantity 200.

Sales Hint...Mini Sample shows every feature, just call for one.

NEON when your customer has to have neon call us. We can design one for you or use your design. Metal cage protects the glass which is shock mounted as well. Prices include double packing foam in foam cartons. Call for pricing Minimum 100 pieces.
